

They hail from a world where all is heavenly. They belong to an age which was truly golden. Whatever the world had lost is contained in their smiles and in their smile, which shines with the purest gold. They were carved from desire, and so too their laughter, which are a source of great envy to all those who don't possess them.

They had from a world where all is heavenly. They belong to an age which was truly golden. Whatever the world had lost is contained in their bosoms and in their smile, which shines with the purest gold.
