GLORIOUS

In the 21st century the style trends of the fashion industry dominate the world more than they ever did and control not only the way people dress but also the way they think. While fashion is a global phenomenon, it is also a local one. In the 21st century, fashion is not only a means of expression, it is also a way of life. It is a way of life that is shaped by the way we think, the way we feel, and the way we act. Fashion is a reflection of the world we live in, and it is a reflection of the way we want to live. Fashion is not just a means of expression, it is a way of life. It is a way of life that is shaped by the way we think, the way we feel, and the way we act. Fashion is a reflection of the world we live in, and it is a reflection of the way we want to live.
